To all the FEDERATIONS
By e-mail

EBU Communications to all the affiliated FEDERATIONS

Dear Sirs,

With the present, we would like to point out, once again, that this Office sends - daily - official communications and circulars regarding Championships, new nominations, purse bids etc etc to the affiliated Federations.

These communications are sent to all the official e-mail addresses of the affiliated Federations and not to boxers, promoters, managers for two reasons: first, the General Secretariat shall communicate **only with the Federations** and not directly to the licenced people; when this happens, it is only a courtesy that we exceptionally do; secondly, this Office **cannot always be informed** on the promoters, managers, boxers involved in a Championship and, consequently, of their direct addresses.

For this reason , we strongly recommend to all the Federations, once received our circulars, to forward them immediately to your licensed involved persons, as the EBU **assumes no responsibility for any** possible lack of communication with them, which is a duty of the Federations.

Yours sincerely,

Enza Jacoponi
General Secretary
